THE TRUTH ABOUT MRS. MAYBRICK.

Of course there will be much written about Mrs. Maybrick, and some of it not to her advantage. The truth is that she was married to a drug-sodden brute, and her real offense in the eyes of the jury was that she was not true to this creature. He died of a poison in which he had been an habitual indulger. She was tried before a judge who was then suspected of lunacy and who urged that she be sent to the gallows. Soon after, this judge was raving in a mad-house instead of from the bench. He was a hater of women, having been deserted by his own wife, while on the jury were several who had had similar experiences. Thus the trial of Mrs. Maybrick not only was unfair, but grotesquely and grossly unfair. In all likelihood the injustice in which it resulted would have been undone long ago but the ill-timed and arrogant intervention of a lot of persons, especially on this side of the water, with more zeal than discretion. They couched their demands in such terms that compliance with them would have been acknowledgment that British law is capable of error and that a British judge may be a snarling and vicious bundle of senility and prejudice. And, naturally, the rights of Mrs. Maybrick had to be sacrificed.

The California Promotion Committee has sent out an article urging all Californians to discontinue abbreviating the word "California" on their printed matter. "California" says this article, "stands for the best State in the best nation in the world and everything that is historic in the history of the Pacific Coast is at once recalled by the name 'California.' But 'Cal,' 'Calif' or 'Cali' stands for indifference, haste or carelessness. It suggests slang and does not advertise the State. There is a euphony in the word 'California' that makes the name pleasant to pronounce. It immediathly suggests the great State for which it stands and it is an advertisement for the State. But 'Cal' or 'Calif' has no euphony, and even in business letters, where it is so often abbreviated, the California Promotion Committee thinks it would be advisable if the word 'California' be printed in full.

The Wilkesbarre man who ate ten plates of ice cream in fifteen minutes must be in training to swallow all the cold fakes of a Presidential campaign and a war.

The $1,000,000 check which rumor says Andrew Carnegie talks of giving toward the Republican campaign expenses is the kind of money plank the whole party can agree upon.

New Business Features.

W. A. Shrewsbury is rapidly transforming his electrical supply shop into one of the most artistically arranged stores in town. He has arranged a series of seven arches across the ceiling, and in each he has installed 27 incandescent globes. Besides these he will have a large chandelier suspended from the center, which will also contain a number of lights, and these with some side lamps will aggregate about 400 lights and give a perfect flood of illumination. He has also constructed two counters which are made entirely of boxes, one on the other, which present a very neat appearance. Besides electrical supplies, Mr. Shrewsbury will also put in a complete line of musical goods, consisting of musical instruments, phonographs, records, popular songs, etc. He has secured the agency for a high-grade piano and will keep samples in stock. Mr. Shrewsbury intends by hard work and careful attention to make his business a success from the start.

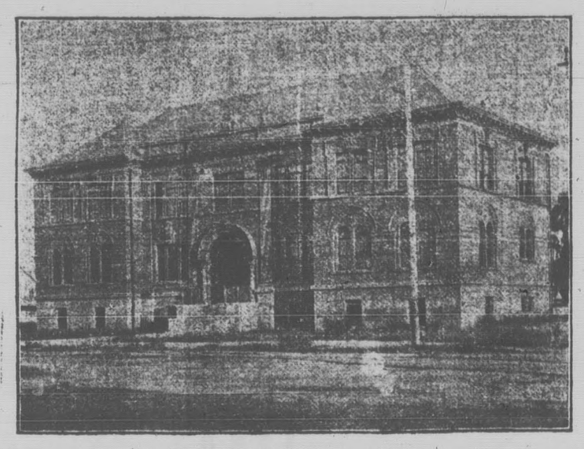
HIGH SCHOOL DEDICATION.

The Exercises Will Take Place on Monday, August 15th.

No effort is being spared to make the ninth opening of the Sequoia Union High School a memorable day in the history of that institution, as well as in the history of this community. Not only will there be the usual excitement of starting the school year, but the occasion also marks the dedication of the new high school building. All this will take place next Monday, August 15.

The school will open session at 9 o'clock, and a conservative estimate places fully one hundred seats occupied by young men and women, eagerly seeking the best our county can give them. First there will be the enrolling and mapping out of work, after which an adjournment will take place until 2 p. m.

At this hour the formal ceremonies of dedicating the building to the high school district will be held. The exercises will take place in the main assembly hall of the new building, and it is thought that an early arrival will be necessary to secure a comfortable seat. The principal speakers of the day will be President Benjamin Ide Wheeler of California and President David Starr Jordan of Stanford. These gentlemen



SEQUOIA UNION HIGH SCHOOL.

will be followed by the executive committee of the high school board of trustees, Geo. C. Ross, L. P. Behrens, and James T. O'Keefe, who will all make brief addresses. Then each class of the alumni will be represented. Roy W. M. E. Cloud will speak on behalf of the pioneer class of '98, H. E. Halsey, president of the Alumni, will represent the late graduating class.

The Geo. S. Evans Relief Corps will present a handsome flag to the school, and the audience will also be treated to several choice vocal solos as well as the most popular of school songs.

After the exercises, which are expected to last until 4 p. m., the Alumni will be "at home" to the pupils, teachers, and friends of the school. The rooms of the second floor are artistically decorated in the colors and banners of the various classes. The Association will serve refreshments to all and every feature of the program will be made of as pleasing a nature as possible to all who attend the event.

BOND THE CITY FOR $100,000.

The Trustees Are Determined That Improvements Shall Be Made.

At the Monday evening meeting of the Board of Town Trustees, the matter of bonding the town for $100,000 was brought up and the different expenditures to be made were discussed. It was shown that necessity demands the following improvements:

The construction, renewal and extension of the city's system of water mains, the grading and paving with asphalt of A and Main streets from the railroad crossing on A street to the intersection of Main and Mound streets, and the grading and macadamizing of sixty streets and portions of streets in the inhabited portions of the city and its newly-acquired territory. The latter work as laid out, covers the greater part of the corporation and will provide good streets wherever needed for many years to come.

The trustees have determined that these repairs be made and if the bond issue is not carried, they will district the town. The cost will thus become greater to many property-owners.

Judgment against Plaintiff.

In the case of R. A. S. Pescia vs. The Redwood City Salt Company which came up before Judge Buck in the Superior Court on Wednesday and a decision was rendered against the plaintiff. The question around which the case revolved was whether or not payment to an agent was good and the Court held that it was. The plaintiff claimed that the rent for the tract on which the salt ponds are located was not paid when due. This contention was met by proof that tender was made but that the owner was in the East, and it was further shown that the money was paid to the agent. Mrs. Pescia also contended that the defendants had not put in $10,000 worth of improvements, but it was conclusively shown that the improvements already made amount to nearly $27,000.

Deceased resided in Montana for the past ten years and visited his brother here several times during that time. He was unmarried.

George W. Goepfert, the young son of Mrs. Goepfert of San Francisco, was among those who lost their lives in the wreck of the World's Fair flyer on the Denver and Rio Grande Railroad at Eden, Colorado. The young man was just 26 years old and spent a portion of his life here. His brothers conducted a butcher shop here about ten years ago and he lived with his mother and attended the local grammar school. After leaving this place he learned the jewelry trade with Shreve & Co. He was admired by his fellow artisans and had many friends. He was on his way East to take in the Fair and follow his trade in New York.

Timothy Hopkins, who has so often made valuable gifts to Stanford, on last Wednesday presented the university library about 150 valuable books upon Egypt and Egyptology. Among them are: Savaray's celebrated letter on Egypt in two volumes, the original first edition of 1786; Maldenke's thesis of Cleopatra's Needle, No. 55 of an edition of 150 copies. A copy of the famous Papyrus of Ani, the "Book of the Dead" in the British museum, with an interlinear translation and translation by E. Wallace Budge, keeper of Egyptian and Assyrian and antiquities at the British museum; and a copy of Eber's "Egypt." The books are being classified and catalogued. Mr. Hopkins has long been an enthusiastic Egyptologist, and books stamed with his approval will certainly prove valuable to the Stanford students. Mr. Hopkins is already the donor to the university library and and of the Hopkins railway library of several thousand volumes, comprising many rare and valuable works.

Charged with Theft.

A bedmaker who has been employed at the Tremont House for some weeks past was accused on Wednesday of having stolen a watch and articles of clothing from a lodger at that hostelry. Charges of theft were brought against him and he was taken to the county jail where he will be held pending trial. As yet there is no evidence that the prisoner is the guilty party, but as he has access to all of the rooms he is thought to be the one who filched the articles. The man has the appearance of being Spanish but claims to be English. He is a quite sort of a fellow and his arrest comes as a surprise to all at the hotel who had seen him about his work.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco, to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered, and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many best and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
